

# Dead Soil Stage Plot

## Audio Outputs to FOH:

Bass: 1 x TRS or XLR  
 Guitar: 1 x TRS or XLR  
 Backing Tracks: 2 (Stereo) x TRS or XLR  
 Mic mixer: 1 x TRS or XLR

## Light on stage:

Please leave as many lights off as possible. We'll bring our own stage lights. If needed: white or red coloured lights

## Stage visuals / beamer:

Beamer: We use stage visuals. A HDMI compatible beamer and a power outlet would be perfect. We can bring our own (small) beamer.

Smoke Machine: If possible we'd like to use a smoke machine or make us of an in-house smoke machine
